Lady Business Journal Podcast

Deborah was involved in a car accident at age 18, sustaining a C6/7 spinal cord injury, resulting in incomplete quadriplegia. That however, has not prevented her from living a fulfilling life as a business woman, mother of two girls and an extensive world traveler. As an active and accomplished individual, Deborah's goal is to help create a world more inclusive for all individuals.

Push Living, Inc.

- **Push Living Magazine**- fresh weekly content crafted to inspire and intrigue
- **Accessible Travel**- a world of resources accommodating disability-friendly travel

Words of Praise for Deborah Davis, Founder at Push Living, Inc

“Your ability to communicate on stage is very impressive. In addition to your obvious passion for communicating with persons in the disability community, you have a great message for the non-disabled community. Your observations and experiential understanding of being disabled in a non-disabled world has the potential to open a lot to eyes and cause people to reconsider the prism through which they view disability...” Vik Logan, event attendee
