

# ACCESSIBLE PORTUGAL

## SPRING 2018

### May 25-June 7

Imagine ... visiting some of the most beautiful palaces and castles of Europe, ending your day strolling among the food stalls of an indoor market, choosing from mounds of delicacies for a dinner at a communal table shared with local families while listening to fado music ... experience the cultural sophistication and energy of Lisbon and Porto, discover the natural beauty of the countryside ... explore magnificent castles and palaces, small charming villages ... all of this and more to be experienced in style and comfort.

This spring, I am taking a small group of travelers for a 2-week exclusive tour of Portugal. We will travel in style and comfort, staying at top quality hotels, enjoying visits of beautiful sites, tasting fantastic food and wine, attending music performances and more.

Join me for an exclusive and pampered tour of this beautiful country .
